- Locker rooms and changing areas
- Commercial buildings

Feha Group A.Ş.

Founded in 2004, Feha Group A.Ş. operates in the construction sector.

In 2004, Feha entered the bathroom solutions sector and launched the FEHA brand, focusing on the production of shower channels, floor drains, and bathroom accessory systems. Since then, the company has concentrated its production planning and investments around this brand.

Today, Feha is recognized as one of the leading companies in the bathroom accessories and sanitary solutions sector. With its high-quality products, extensive product range, and strong production capacity, Feha has become a focal point not only for customers but also for other manufacturers in the industry. Its innovative approach and corporate strength have secured it a respected position in the market.

Vision and Mission

Feha aims to be the undisputed leader in the drainage and shower channel sector with innovative, high-quality, and distinctive products. The company is committed to delivering excellence without compromising on quality and to maintaining a progressive, modern approach.
